When you bought Guaranteed Mortgages years ago, probably their capital value was the last and least of your considerations. Now you see what a wonderful bargain you secured, when you received a capital value that keeps a 5 1/2% mortgage at par on an 8% market while stocks and bonds with like yield have dropped into the seventies. They are still a bargain.

Primary Balloting.

## RETURNS INCOMPLETE

Victory for Wet Candidate for  
Congress Indicated in  
Sixth District.

Special to THE SUN AND NEW YORK HERALD.  
TRENTON, Sept. 28.—With thousands of women voting for the first time, the Statewide primaries were held in New Jersey to-day for the nomination of twelve candidates for Congress, seven candidates for State Senator and sixty candidates for the Assembly and county officers.

The vote polled by women, although falling far short of the number registered, was unexpectedly large. Most reports indicated that the Republican party will be a substantial gainer by woman suffrage, as in most districts a larger percentage of women than men cast their ballots in the Republican boxes.

In a number of districts more women than men voted, but the average seemed to indicate that the men outvoted the women by an approximate ratio of two to one.

Chief interest centered in the fight for Congress, which resulted in a number of sharp contests on both sides. As the polls remained open until 10 o'clock to-night (daylight saving time) returns were necessarily slow in coming in, indicating that it would be impossible to give accurate results in close districts before to-morrow.

Incomplete returns indicated the nomination of the following Republican candidates for Congress:

First District—Francis F. Patterson, Jr., Camden.

Second—Isaac Bacharach, Atlantic City, renominated.

Third—T. Frank Appleby, Asbury Park.

Fourth—Elliah C. Hutchinson, Trenton, renominated.

Fifth—Ernest R. Ackerman, Plainfield, renominated.

Sixth—John R. Ramsey, Hackensack, renominated.

Seventh—Amos M. Radcliffe, Paterson, renominated.

Eighth—Herbert W. Taylor, Newark.

Ninth—Richard Wayne Parker, Newark.

Tenth—Frederick R. Lehigh, Newark, renominated.

Eleventh—Archibald E. O'Connell, Hoboken.

Twelfth—Walter Williams, Jersey City.

Democrat:

First District—William P. Kramer, Woodlynne.

Second—William C. Jonah, Atlantic City.

Third—William R. Ramsay, Perth Amboy.

Fourth—Charles Browne, Princeton.

Fifth—Richard E. Clement, Elizabeth.

Sixth—Thomas A. Shields, Hackensack.

Seventh—Nicholas Hughes, Totowa.

Eighth—Cornelius A. McGinnion, Newark, renominated.

Ninth—Daniel F. Minahan, Orange, renominated.

Tenth—Dallas Flannagan, Montclair.

Eleventh—John J. Egan, Weehawken, renominated.

Twelfth—Charles F. X. O'Brien, Jersey City.

On the Republican side there was a sharp battle between John E. Ramsey, nominated as a wet candidate, and Randolph Perkins, a "dry," in the Sixth district. Partial returns indicated Mr. Ramsey's nomination.

Early returns from the primary in

Jersey City indicate that the regular Republican ticket will win. The first five districts out of 169 to report show that Walter Williams, the regular Republican candidate for Congress in the Twelfth district, is leading his opponent, Theodore L. Bierck, 105 to 38. The Vardon ticket is running behind in the Assembly, the regular winning by about 3 to 1.

There is no opposition to Charles F. X. O'Brien, the Democratic candidate for Congress.

Four women were running for Democratic nominations in Essex county, which includes Newark, and is the most populous county in the State, but indications were that they would be defeated.

They were running under the banner of the Democratic League of Essex County.

In Essex county the Republican voters at the primaries outnumbered the Democrats about two to one, indicative of the Republican sentiment expected at the November election. In fact, throughout the northern portion of the State the Republican voters turned out in greater numbers to participate in the contests within their party than did the Democrats.

A peculiar feature of the women's vote, noted in many communities, was the eagerness of women from the so-called "silk stocking" sections to exercise their privileges as party members and the comparative indifference of the women in the poorer quarters. The men, however, were not outnumbered as a whole by the women voters, the proportion being estimated at two women to five men.

HYLAN ASSAILS MILLER  
ON TRANSIT POSITION

## Mayor Sends Letter to Republican Candidate.

Mayor Hylan sent a letter yesterday to Nathan L. Miller, Republican candidate for Governor, who said in a speech in Brooklyn on Monday night that the drifting policy as regards rapid transit must cease and added: "It is hard to say who is responsible, but the trouble lies somewhere between Gov. Smith's Public Service Commission and the City Hall."

The Mayor said: "The people of this city know that you as an attorney representing the railroad interests argued for an increased fare before the initiative committee last winter. If you had been successful in your argument it would have resulted in taking from the pockets of the taxpayers of this city at least \$18,000,000 daily, or over \$5,000,000 yearly. This same condition would apply all over the State."

"Are you still in favor of such legislation? All the people got out of the dual subway contracts was a five cent fare, and the traction interests have been trying to take that from them."

## PRINCETON'S 175TH YEAR.

## 2,000 Students Enroll—Dormitories Overcrowded.

PRINCETON, N. J., Sept. 28.—Princeton University started to-day its 175th year. The enrollment is about 2,000, and owing to the shortage of dormitory room a regulation has been issued requiring three men to occupy the quarters formerly used by two.

In his address Dr. John Griffler Hibben, president, spoke of the possibilities of life facing the college student. He spoke of the last year's athletic record of Princeton and especially of the victory over Oxford at the London track meet.

## MRS. COOLIDGE GUEST HERE.

Mrs. Calvin Coolidge, wife of the Republican nominee for Vice-President, will be tendered a reception by the Republican Women's Campaign Committee Monday afternoon in the State headquarters in the Vanderbilt Hotel. This will be the first political appearance of the wife of the Massachusetts candidate. A committee of women Republican leaders will be appointed to meet Mrs. Coolidge.

METROPOLITAN EXHIBIT  
OPEN UNTIL NOV. 1

## 341,681 Already Have Enjoyed Anniversary Display.

The fiftieth anniversary exhibition in the Metropolitan Museum of Art will be kept intact until the end of the month, according to an announcement made at the museum yesterday. By agreement with the lenders certain exhibits must be returned early in October, but it is hoped that much will remain until the end of October, when the exhibition formally ends. From the opening of the anniversary exhibition until yesterday 341,681 visitors had been recorded, and this is a gain of more than 75,000 during the same period last year.

The recent bequest of the late William K. Vanderbilt was described yesterday by Edward Robinson, director of the staff and curator of classical art, as "one of the great gifts made to the museum, ranking among the first six." The bequest comprises ten paintings and two cabinets, which are among the best work of Gouthrie for Marie Antoinette.

Other additions include a numerous collection of Near Eastern sculptures and ceramics, several hundred examples of eighteenth century woven fabrics and embroideries, one fine example of Elizabethan embroidery, and a French tapestry of the seventeenth century, purchased by Joseph Brech, curator of decorative arts, during his recent trip to Europe and brought to this country during the summer. Some articles have already been placed on exhibition but many are intended only for the use of students of textile designing.

## NO CANADIAN ENVOY TO U. S. FOR LONG TIME

## Scheme Abandoned Owing to Difficulties of Control.

Special Cable Despatch to THE SUN AND NEW YORK HERALD. Copyright, 1920, by THE SUN AND NEW YORK HERALD.

London, Sept. 27.—It was stated in high diplomatic circles here to-day that there was no likelihood of a Canadian Ambassador to Washington for a long time coming. While there is no objection in Downing Street to Canada having her own Ambassador in Washington it was found that neither a special Canadian representative subordinate to Sir Auckland Geddes could have escaped difficulties which would have crippled the mission.

As a result of this the scheme for a Canadian Ambassador to the United States has been abandoned, at least for the present.

## LUNACY JURY CALLED.

## Court Directs Inquiry Into Condition of Aged Beneficiary.

Judge Norman R. Dike, in the County Court in Brooklyn yesterday, directed three commissioners to enquire into the mental condition of Miss Helen Herriman, 65 years old, of 9715 Shore road, Brooklyn. Under the will of her sister, Mrs. Marie Bell Herriman Hasen, just died, the spinster becomes the life beneficiary in a residuary estate valued at almost \$1,000,000.

The court action was taken upon the petition of the Bank of America, one of the executors of Mrs. Hasen's estate, alleging that Miss Herriman has been incompetent for a year. If she is found insane a committee will be appointed for her person and property, consisting of Crowell Hadden, another executor of Mrs. Hasen's estate; Mrs. Margaret H. Greene, a cousin, of New Canaan, Conn.; and a financial institution.

## JOINS HARDING LEAGUE.

Lyman D. Redington, one time Democratic candidate for Governor of Vermont, has joined the Harding Democratic League, which Rhineland Waldo is organizing. The league will begin conducting public meetings soon in the old barroom of the Hotel Knickerbocker.

## PEERLESS 2 POWER EIGHT

"LOAFING" RANGE "SPORTING" RANGE

THE RACE BY VIGOR,  
NOT BY VAUNTS, IS WON

WHETHER it be the race of life itself, or of a runner on the road, or of motor cars, victory comes to courage, strength and endurance.

Here at the Peerless factory we have tried to avoid a boasting and vaunting spirit. Driven by certain ideals of accomplishment, we have dug deep into the realms of mechanics, of chemistry, of physics, so that we might bring together in a motor car the qualities of vigor.

These lines of Lowell's:

"Endurance is the crowning quality.

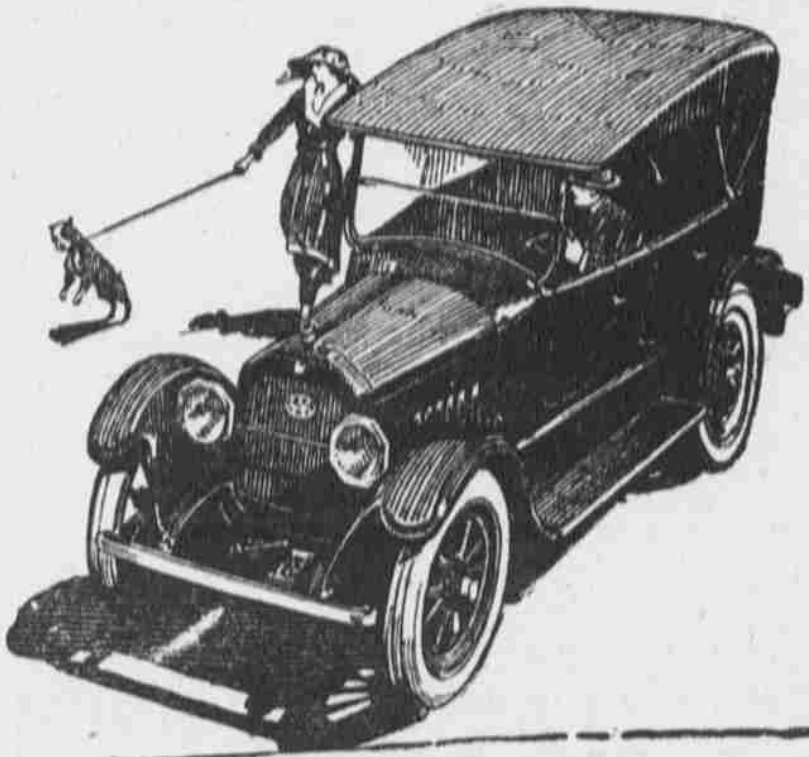

And patience all the passion of great hearts."

Great, then, the heart of a motor car if into it have been built the gentleness of patience and the ruggedness of courage and fighting power.

Many years of work and waiting produced the Peerless Two-power-range Eight—too many years, indeed, to risk the disaster that comes from superlative talk, however warranted it may be in our own minds.

We believe in the Peerless Car. That others believe in it, also, is shown by the large percentage of owners who return to us for new cars and are glad to find that in the past five years we have not seen fit to change the fundamental principle upon which the first Two-power-range Eight was built.

These are the real rewards we have worked for. They are the real measure of our accomplishment.
